# THE CHOICE 2021 FITTING

## OVERSIZED FIT

The concept of oversized clothing has taken over the fashion industry and we too love these clever tailored, chic shirts with great freedom of movement, yet completely fashionable.

## COMFORT FIT

### (Classic fit | Casual fit)

Drapes away from the body for a relaxed fit and extra movement. A timeless shirt has a generous, comfort forward cut and fuller sleeves for freer movement throughout. This fit has a comfortable width. These styles have the traditional straight cut that has been in style since the T-shirt was born. The comfort T-shaped design still plays a very important role in the promotional market. A refined take on the comfort fit, featuring a straighter body and sleeves and wider armholes.

## REGULAR FIT (Euro fit)

These styles follow your body in a flattering way, without clinging to it. The sleeves and shoulders fit closer to the body. The regular fit is currently the most popular shape in a T-shirt.

## SEMI-FIT

Slightly contoured, side-seamed shirts for women who like a slightly looser fit with shape.

## BODYFIT (Fitted)

Our body fit styles are slim cut and rather clinging to your body. Contoured and side-seamed for a more next to body fit.

# ALWAYS ON THE MOVE WITH SOFTSHELL

In wintertime or when working outside water resistant clothing is a must. The best protection against nature's way? Softshell. Softshell clothing offers warmth, comfort and is water repellent. It breathes and is flexible, making this type of material very suitable for outdoor activities, such as exercise and work .

There is a type of softshell for every occasion. To make the right choice, keep in mind the Thermoplastic Polyurethane (TPU), water resistancy and breathing properties. It will help the wearer to move while staying dry and warm.

## THREE LAYER SOFTSHELL BONDED

Waterrepellent Windresistant

### 1. Outside

Polyester - spandex --- poplin.

### 2. TPU breathable membrane

Wind- and waterproof Breathable

### 3. Inside

100% polyester --- microfleece (anti-pilling)

**A** complete line or just a unique article, specially designed and produced in your own house style or appearance. That is what the Lemon & Soda Private Label Concept stands for! We design and produce high-quality clothing; naturally in the style of the company or according to the customer's taste. The Lemon & Soda Private Label Concept is the solution to tailor the line or article completely to the customers wishes.

Work clothing largely determines the presentation of your company. Design, color selection and the correct processing of the house style ensure recognizability and a professional appearance. In addition, employees feel more comfortable in smart-looking and well-fitting clothing; which again means a positive effect to your customers.

## BE INSPIRED FOR TAILOR MADE PROMOTIONAL & CORPORATE CLOTHING

Promotional clothing can be an essential part of your company's marketing mix. Whether it is a self-contained article or the development of a coordinated collection: the Lemon & Soda Private Label Concept makes this all possible! You can count on a flexible way of working according to a pre-agreed planning. Your order is, from quotation to delivery and from day to day, accompanied and guided by an enthusiastic team of professionals.

**THE ENDLESS POSSIBILITIES OF LEMON  
& SODA PRIVATE LABEL CONCEPT CAN BE  
FOUND IN THIS BROCHURE.**

# *Why?* *Original and* *authentic*

AFTER ALL, EVERY IMAGE IS UNIQUE. YOU DO NOT ALWAYS HAVE TO SETTLE FOR STANDARD ITEMS. HOWEVER, YOU CAN USE THEM AS INSPIRATION TO SET UP YOUR OWN CLOTHING LINE. AND THAT IS VERY EASY WITH THE LEMON & SODA PRIVATE LABEL CONCEPT.

## **THIS APPROACH IS OF ADDED VALUE WHEN YOU:**

- **Have your own vision on promotional or corporate clothing**
- **Create an existing article tailored to your needs**
- **Give your own twist to the article**
- **Integrate the corporate identity of your company more fully**
- **Want to give exactly what your company stands for.**

# Create your own clothing line or article in **FOUR** easy steps

1

*Select model and options*

2

*Search color(s)*

3

*Choose quality and weight*

4

*Add decorations and accessories*

# STEP 1 *Select model and options*

THE FIRST STEP IS TO CHOOSE THE MODEL AND THE DESIRED SIZE: FROM COMFORT FIT TO BODY FIT, FROM BABY SIZES TO BIG SIZES.

## TIPS

- Use the possibilities from *The Choice* as inspiration
- Send us a sample, from which we make one-to-one copies
- Direct us about the desired model and we will work this out digitally for you

## POSSIBILITIES

**The number of items you order determines whether the desired customization options are possible. For example, a custom-made product is already possible with a minimum purchase of 250 pieces. Of course these pieces may be divided over 2 models. The minimum purchase per model is then 100 pieces.**

## STEP 2 Choose color(s)

CUSTOM MADE ITEMS CAN BE IN ANY RELATED COLOR WITH CONTRAST COLOR. CONSIDER, FOR EXAMPLE, A CONTRAST SLEEVE, CONTRAST CLOSURE, CONTRAST ZIPPERS, CONTRAST TIPPING OR PIPING. THERE ARE MANY CONTRASTS POSSIBLE.

*From 250 pieces it is possible to produce your clothing in your PMS color. This quantity can be divided over two models, if the minimum order quantity per model is 100 pieces. For example 150 pieces for him and 100 pieces for her.*

**TIP** Send us the PMS color of your house style, so that we can advise.

# STEP 3 Choose quality and weight

A PRIVATE LABEL ARTICLE CAN BE PRODUCED IN MANY DIFFERENT QUALITIES AND WEIGHTS; WE WILL GLADLY ADVISE YOU WHICH MATERIAL BEST SUITS WHICH ITEM.

**FOR EXAMPLE, A T-SHIRT CAN BE PRODUCED IN 100% COTTON, COTTON WITH POLYESTER, 100% POLYESTER OR COTTON WITH LYCRA. THE WEIGHT OF THE MATERIAL CAN ALSO BE DETERMINED BY YOURSELF.**

## TIP

*Be inspired by the qualities of Lemon & Soda. In this collection you can see and feel many different qualities and weights.*

# STEP 4 *Add decorations and accessories*

THE FINAL STEP IS ADDING DECORATIONS AND ACCESSORIES. THERE ARE MANY POSSIBILITIES:

*Private neck label / private neck print / transfer*

**Print (plastisol / high density / sublimation etc)**

*Embroidery / embroidered badge*

**Metal badge**

*Contrast buttons / branded buttons*

## Woven neck tape / printed neck tape

*Woven side label / tag label*

*Woven pullers / silicone pullers*

**Hang tags**

**Silicone badges in  
any desired shape**

NORMALLY, YOUR ITEM IS PACKED INDIVIDUALLY IN A POLYBAG. HOWEVER, THE CHOICE IS YOURS. YOU CAN ALSO CHOOSE FOR A BRANDED POLYBAG OR PRINTERFOLD PACKAGING.

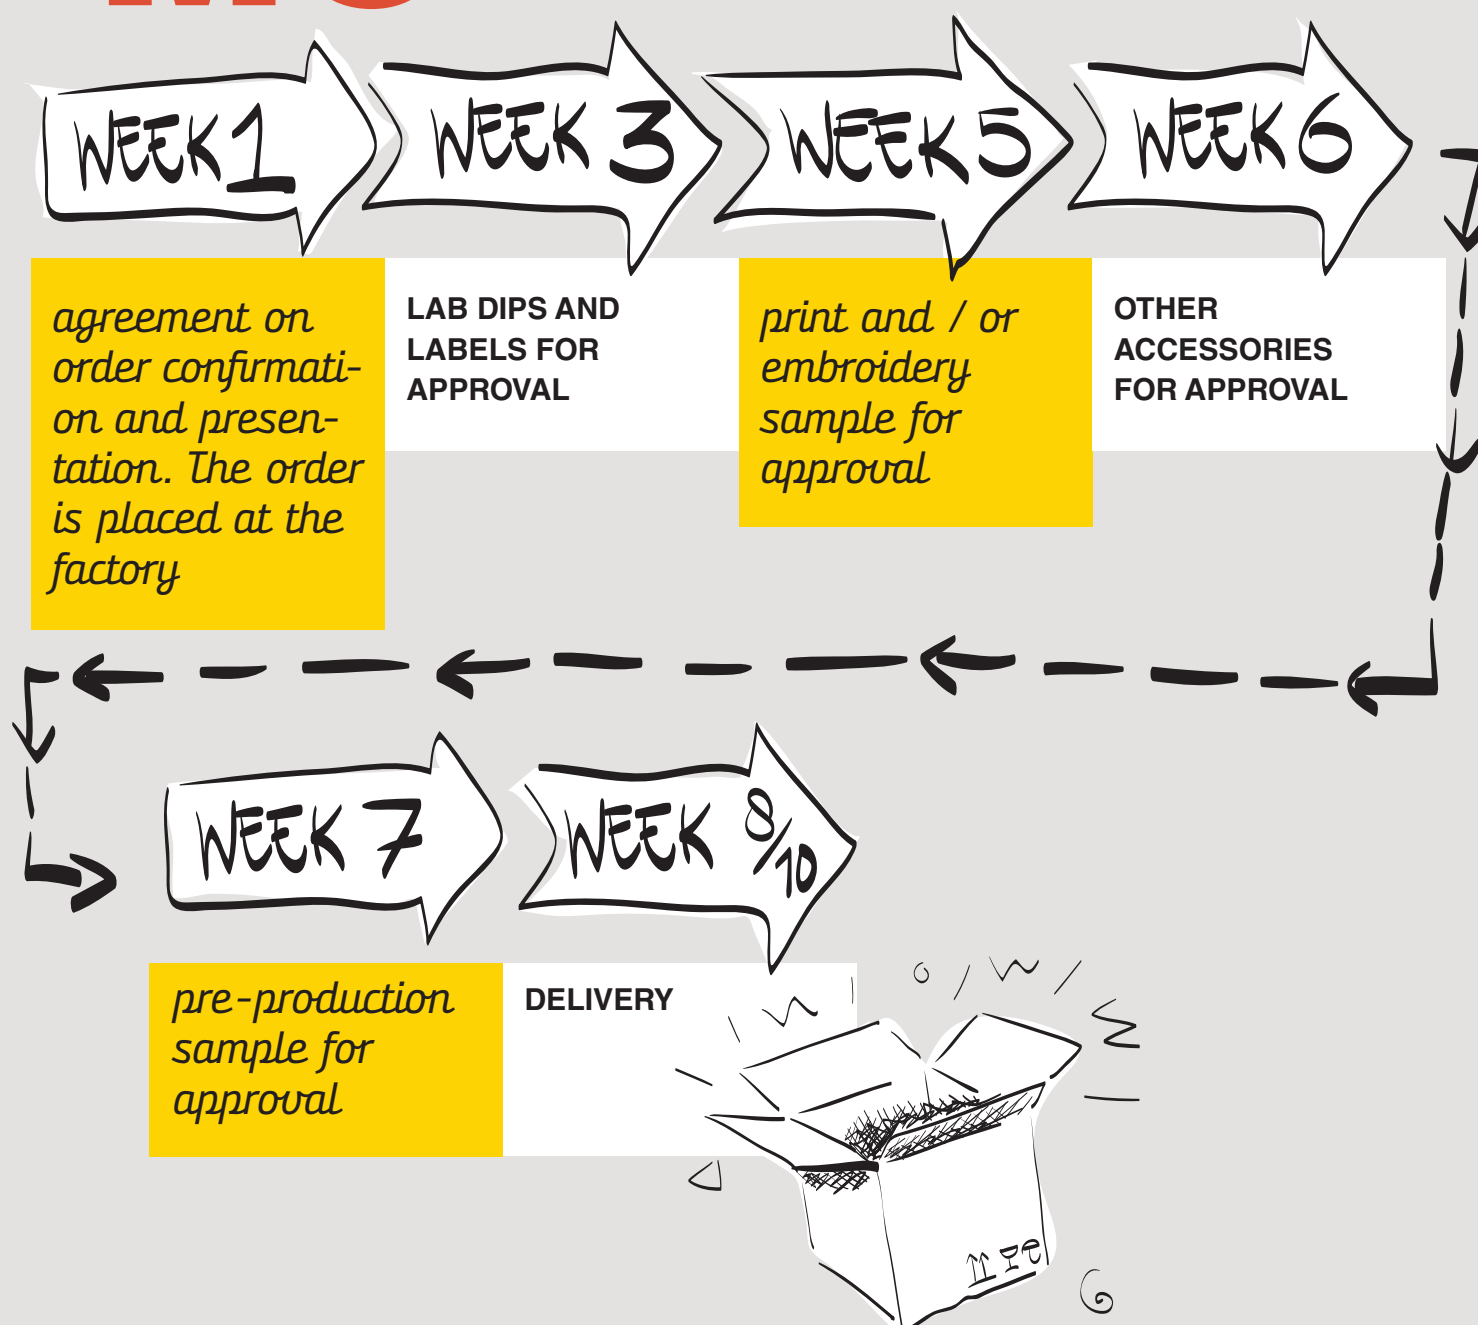

# DELIVERY TIME AND PRICE

*You know exactly what you're up to*

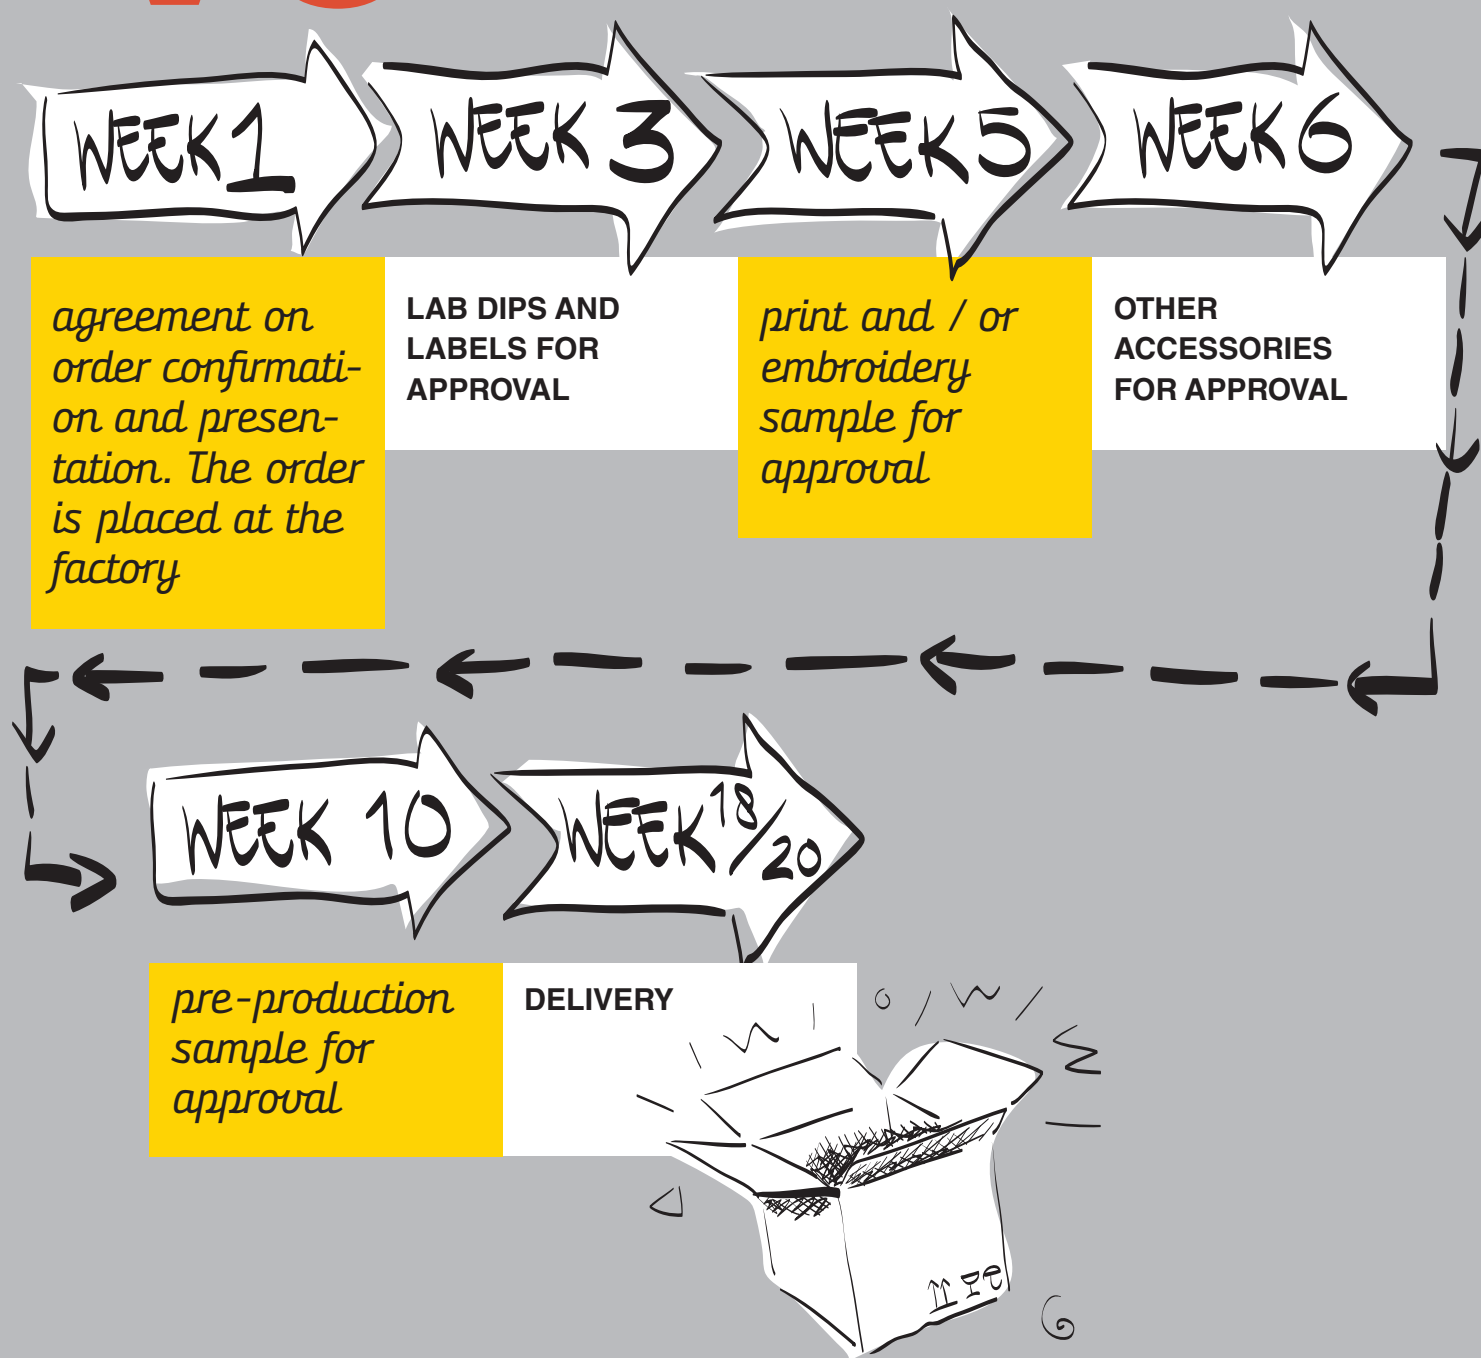

# MO

LEMON & SODA PRIVATE LABEL CONCEPT DELIVERS CUSTOMIZATION. YOUR SPECIFIC WISHES IN COMBINATION WITH THE DESIRED QUANTITIES DETERMINE THE COSTS. THE DELIVERY TIME IS AGREED IN ADVANCE AND DEPENDS ON A QUICK APPROVAL OF LAB DIPS, DECORATIONS AND SAMPLES. THE LAYOUT BELOW IS A GUIDELINE AND DEPENDING ON THE PRODUCTION COUNTRY.

Width: 8.5 cm

### 4. Pu leather badge on the right sleeve

Width: 6 cm

### 5. Pu leather taglabel around the left hem

# BACK TO SCHOOL

Back to School Project Bangladesh has a very good network of primary and intermediate secondary schools, and higher secondary colleges. Families can get education for their kids at a very low or no cost. Yet there are families who don't see the opportunities education brings. They focus on the short term gains and choose to let children work in the household or farming. Even though this means they drop out of school. That is why The Choice founded the Back to School Project together with a manufacturer in 2007.

## **Change the future**

The manufacturer, who owns a local factory, recognized extreme poverty in Gonopaddi. This village is located in Sherpur, an agro-based and underdeveloped district 198 kilometers from Dhaka at the northern border with India. Most of the kids in this region are drop-out students and families do not have enough to eat. The lack of education leads to this poverty, because eventually uneducated children become a liability for themselves and their village. They are not able to support themselves in the long run. Help was needed in order to change the social and economic condition.

## **Stimulating children's potential**

The Back to School Project noticed these problems and created a program focused on drop-out students. The philosophy of the program is to transform each child into its own change agent. It's not limited to learning; it's also focused on stimulating one's potential. Good practices, helping others, and living a healthy life, are all part of the project. The goal is to teach children self-worth as well as value of education so they can influence the economic scenario and engage in societal welfare. The Back to School Project has kickstarted a huge development; some of the grade 1 students

who started with the program ten years ago are now attending university. These original school drop-outs strive to become a doctor, engineer, minister or parliamentarian instead of working in the household or farming.

## **Success of the project**

The first year of the Back to School Project started with twenty students. Initially, there were only two teachers. The students were split up into grade 1 and grade 2 classes. Since there were only a few students per class to manage, the lectures were very effective. Unlike regular schools there were incentives for attendance: free eggs and biscuits, free soap and toothpaste to stimulate health and hygiene, and extra and co-curricular activities to develop other social and cultural skills. The first results were tremendous. More and more students were eager to join the school in the years that followed. Today, there are more than two hundred students, twenty teachers, and computer training programs for the basic courses. The scope of the school has expanded to grade 12. Students up to grade 4 are scattered across ten satellite places in the village getting lessons from higher grade students. Students from grade 5 attend the main school building to follow lectures, given by regular teachers.

## **Make your own change**

Together with the manufacturer The Choice helps these children to make their own change. Nowadays there are no real school drop-outs in Gonopaddi. All children have been included in the Back to School Project. They have become their own change agents with the ability to transform the Sherpur-district for a better future.

# THE BACK TO SCHOOL ENGLISH CLUB

In the poverty-stricken village Gonopoddi most students learn English by memorizing exercises from their textbooks. After twelve years of studying, most of them still aren't able to understand and read English. The Back to School English Club was initiated to help these students - ranging from grade six to grade eleven - to develop the English language.

The thirty participating students are divided into groups of six members. Each group is assigned a leader from within the group, who helps others while learning themselves. These group leaders report to club manager Mr. Babul who reaches out to coordinator Zaafir Hasan when necessary.

## Goals of the initiative

- Improve students' understanding and communicative skills in English.

- Enhance and improve their ability to network.
- Develop leadership qualities among students.
- Advance students in the field of technology.

Two months after starting the club students have let go of their fears and are fully committed to learn English, driven by their enthusiasm to overcome illiteracy.

# CAREGUIDE

We care for the garments we produce. We choose our materials very careful, but you can enjoy your clothing much more by following the instructions in the care label.

## WASHING TIPS

- Always read and follow the care label
- Read and follow the instructions on your detergent pack
- Use the recommended amount
- Polar fleece and sweats can best be washed before wearing
- Wash inside out
- Close zippers before washing
- Sort laundry by temperature in care label, 40 °C, 60 °C etc.
- Wash dark colours separate
- Don't iron on decorations

## WASHING & THE ENVIRONMENT

Washing and drying at home, accounts for 75% of the energy used in the lifecycle of a garment, so it is really an area in which you have an impact on the environment. We recommend that for best cleaning you wash your clothes at the temperature shown on the care label. However, in many cases where a garment really only needs to be refreshed rather than cleaned, it is ok to wash at 30°C. Natural drying on a line or rack will reduce the amount of energy used in the aftercare

process. However, it is not always practical, especially with Northern European weather and therefore many people use tumble driers. As with all domestic machinery buying a dryer that has a good energy rating will help to ensure you are using energy in the most efficient way. Water is a precious commodity. In order to help minimize your usage try the following:

- ALWAYS WASH A FULL LOAD
- PRE-WASHING IS NOT NEEDED FOR MOST GARMENTS
- IF YOU HAVE A CONDENSER DRY, REUSE THE WATER – IT'S GREAT IN IRONS.
